Specialist services in Infrastructure solutions include

### Infrastructure Management

We are a network solution company. Trying to manage an ever increasingly complex IT infrastructure, sometimes you feel like your primary business focus has become managing your infrastructure. Let us do the management and give you ongoing visibility into your infrastructure.

### Network Optimization

Your network is worthless if it can't support your business goals. Our network optimization solutions trace business goals and practices to the technology that supports them.

### Network integration

Realize a drastic savings on network maintenance by integrating your voice and data to one.

### Infrastructure deployment

Whether you are starting from a scratch or upgrading your network, our infrastructure deployment solutions can improve the efficiency throughout your enterprise.

## **Infrastructure Support**

Not everyone needs a network solution that's an all or nothing engagement. Sometimes you just need some help in specific areas. Whether it's server maintenance or desktop repair .we've had over 50 years of infrastructure solution experience.

## **Infrastructure advisory services**

You want your information systems to add value to your organization. This requires not only an understanding of technology but also a keen insight into the industry the technology supports. Luckily, Vinsoft has both.

## **Mobile Services**

Just when you thought you had a handle on your IT infrastructure, there's mobile business to worry about. Fortunately for you, Vinsoft provides mobility strategy and planning, implementation and managed services to meet all your business needs.

## **Contracting**

Vinsoft Solutions specialty is providing the highest quality resources to our clients at a competitive cost. Our servicing team is equipped to bring together the best and the brightest minds to meet your contracting requirements.

## **Contract to Hire**

Vinsoft Solutions recognizes that client expectations are continually increasing and competition is fierce. In addition, there is a persistent, continual evolution of technology in today's busyness environment. The contract to hire staffing option allows our clients to determine if there is a technical and cultural match prior to committing full-time employment.

## **Vinsoft Solutions has established itself as a reliable IT provider in the following areas**

Desktop Computers

Servers

Notebooks

Handheld devices
